

## Appendix 3

### Major Relationships

A number of relationships have been developed with this project and include:

#### Inspired Networks Limited

- Telecommunication Infrastructure Asset Company in a Public Private Partnership with Tararua District Council
- Contracted to provide 138km of Open Access Fibre between Eketahuna and as a pre-condition to Council becoming an anchor tenant. Provided gift in kind for an education loop.

#### Digital Nation Limited

- Telecommunication Wholesaler and Infrastructure Management
- To provide wholesale access to dark fibre, Virtual Local Area Networks, and 100+Mbps Ethernet services.

#### Inspire Net Limited

- Retailer - Internet Service Provider
- To manage and provide internet access and services to retail customers.

#### FX Networks Limited

- Telecommunication Infrastructure Asset Company
- Supplier to the Government Shared Network
- Provider of an "Indefeasible Right of Use" to Council for 6 pairs of fibre (24km) between Dannevirke and Norsewood
- User of the Council's Dannevirke Duct network
- Lessee of Council land for a Point of Presence (POP) network site

#### Horizons Regional Council

- Horizons are a second tenant to the project
- They have determined to use their Woodville site as their disaster recovery site for IT

#### MidCentral Health & Community Hospitals

- Have signed as customers to the new fibre network and paid for duct extension to their Dannevirke and Pahiatua sites

#### Schools

- Tararua College (fibre) – paid for extension and utilised old water main for fibre sub-duct
- Mangamaire (fibre) – a relay point for fibre to the farm and wireless services
- Pahiatua (fibre)
- Woodville (fibre)
- Mangatainoka (fibre)
- Papatawa (wireless)
- Ruahine (wireless)

#### Public Support for the Project is Vital

- To date in excess of 60 farming households have connected to new wireless services in three months and five farms connected to fibre with a further eight committed to connect.
- Roll out to urban towns is imminent of both wireless and fibre ISP services.
