NZ LOCAL GOVERNMENT HEALTH AND SAFETY CONFERENCE 2009

We are pleased to advise that Taupo District Council is hosting and organising the NZ Local Government Health and Safety Conference for 2009.

This is a conference that is specifically organised by and for Local Government and key stakeholders. As such it will specifically focussed on issues that matter to us in the areas of health and safety.

It is intended to be an event that will be cost effective to attend whilst at the same time provide an array of informative speakers and topics for all participants.

To top it off, you are only a doorstep away from the many attractions and experiences that Taupo has to offer, and as the conference is set to coincide with a Labour Weekend be sure and bring the family!

Please note your diaries now! The dates for the Conference are... 28, 29, 30th of October 2009.

Further details and conference programme will follow in 2009. If you have any questions please feel free to contact the following key organisers at Taupo District Council.
